35 COLOURS FOR ALL SURFACES
35 COLORES PARA TODAS LAS SUPERFICIES

E' un prodotto e un'esperienza unica nel suo genere: i 35 colori Total Decor sono vibranti, unici e luminosi; aderiscono direttamente sulla maggior parte delle superfici conferendo agli oggetti dipinti con Chalky Look straordinaria intensità cromatica tale da dare la sensazione di sprofondare nel colore. L'applicazione è confortevole anche su superfici verticali perché Fleur non cola e si dilata perfettamente. Abbiamo sviluppato ad hoc pennelli e rulli che consentono di raggiungere con estrema rapidità i migliori risultati.

Chalky Look is a unique product and experience: its 35 vibrant, unique, and luminous colours directly adhere to most surfaces. All the objects painted with Chalky Look have such chromatic intensity that you'll feel you could sink into the colour. The application is comfortable even on vertical surfaces as Fleur doesn't drip and it levels out perfectly. We have designed special brushes and rollers that let you achieve great results in a short time.

Chalky Look es un producto y una experiencia única: sus 35 colores vibrantes, únicos, se adhieren directamente a la mayoría de las superficies, dando a los objetos pintados con Chalky Look tal intensidad cromática que dan la sensación de hundirse en el color (profundidad cromática). La aplicación es cómoda incluso en superficies verticales porque Fleur no gotea y se extiende perfectamente. Hemos desarrollado brochas y rodillos específicos que le permiten lograr los mejores resultados muy rápidamente.

Eggshell è uno smalto all'acqua dall'aspetto elegantemente satinato e non plastico come i comuni smalti. L'applicazione è facile e veloce ed il prodotto essendo auto-livellante crea un effetto finale lavabile, omogeneo, resistente. È ideale per sedie, tavoli, porte e cucine; in virtù della sua speciale formula garantisce eccezionale adesione e resistenza all'usura, sia all'interno che all'esterno.

Eggshell is a durable water-based varnish with a smart satined and genuine look. The application is easy and fast and the product is self-levelling. The final result is washable and homogenous. It is ideal for chairs, tables, doors, kitchens and, owing to its special formula, it guarantees exceptional adhesion and resistance to wear and tear. Eggshell is suitable for outdoor applications too.

Eggshell es un esmalte duradero con una apariencia elegantemente satinada y no plástica. La aplicación es fácil, rápida y el producto al ser autonivelante crea un efecto final lavable y homogéneo. Es ideal para sillas, mesas, puertas, cocinas y en virtud de su fórmula especial garantiza una excepcional adherencia y resistencia al desgaste. Eggshell también resiste el exterior.

FLEUR RESINA SUPERTRASPARENTE

Resina a colata senza solventi, autolivellante, a zero contenuto di COV, resistente ai raggi UV, non ingiallisce ed è perfetta per ottenere un EFFETTO VETRO LIQUIDO lucido su qualsiasi superficie non assorbente. Utilizzare in un ambiente ben ventilato. Perfetta per tavoli, top cucina, gioielli, stampi in silicone, e opere d'arte. Lo spessore di colata ideale è tra 1 e 3 cm; per uno spessore maggiore, versare più strati lasciando asciugare tra l'uno e l'altro. Applicare a temperature tra i 21° e 29°C. Miscelare i due componenti in un contenitore in proporzione 1:1 e mescolare lentamente per tre minuti. Lasciare riposare per due minuti e applicare entro 30-40 minuti. Per togliere eventuali bolle d'aria, applicare del calore (per esempio, con una pistola termica). Per effetti decorativi, aggiungere Fleur Glitter, Pigmenti Metallici e Tingenti Liquidi. Pulire gli strumenti con prodotti a base di alcool.

Solvent-free, self-levelling, no VOC, UV-resistant, non-yellowing coating and casting resin ideal for achieving a high-gloss LIQUID GLASS EFFECT on any flat, non-absorbent surface. Use in a well-ventilated area. Perfect for tabletops, jewellery, silicone moulds, and artwork. The ideal depth of the pour is between 1 to 3 cm; for higher thickness pour more layers and let them dry between applications. Apply at temperatures between 21° and 29°C. Mix the two components in a single container in 1:1 proportion and stir slowly for three minutes. Allow to stand for two minutes and apply within 30-40 minutes. To eliminate air bubbles, apply some heat (for example, with a heat gun). For decorative effects, add Fleur Glitter, Pigments, and Dyes. Clean the tools with alcohol-based products.

Resina libre de disolventes, autonivelante, con cero contenido de COV, resistente a los rayos UV, no amarillea y es perfecta para obtener un EFECTO DE CRISTAL LÍQUIDO brillante en cualquier superficie no absorbente. Usar en un ambiente bien ventilado. Perfecto para mesas, encimeras, joyas, moldes de silicona y obras de arte. El espesor de fundición ideal es de entre 1 y 3 cm; para un mayor espesor, verter más capas permitiendo secar entre una y otra. Aplicar a temperaturas entre 21° y 29° C. Mezclar los dos componentes en un recipiente en proporciones 1:1 y remover lentamente durante tres minutos. Dejar reposar durante dos minutos y aplicar no tardando mas de 30-40 minutos. Para eliminar cualquier burbuja de aire, aplique calor (por ejemplo, con una pistola de calor). Para efectos decorativos, agregue Fleur Glitter, Pigmentos de metal en polvo o Tintes líquidos. Limpie las herramientas con productos de base alcohol.
